All people must learn how they conscious mind and subconscious minds are linked together and how important it is to align both of them. The ant and the elephant book Poscente likens the dynamic between the conscious and subconscious minds to an ant and an elephant: Our minds are separated into two distinct functions the conscious and subconscious elements. Kindle The Ant and the elephant toothpaste Our ant is the intentional part of the brain but our elephant is the instinctual impulsive part of the brain that houses emotions and memories and even guides the body to perform vital functions. The ant and the elephant read aloud Having seen too many books focused on what a problem or solution is and too few focused on how to solve the problem Poscente with his trademark wit wisdom and steely resolve including all adults. Kindle The Ant and the **elephant insurance** Our subconscious minds however use 4000000 neurons in that same second! All of the sudden the subconscious becomes VERY important! Poscente's allegory of the ant (conscious mind) and the elephant (subconscious mind) provides the 5 steps necessary to bring the two in alignment which if successfully done can bring about transformative results.
